

2024 - 2025 Create 308 Dance Academy Information

The Create 308 Dance Academy exists to train and develop Central Nebraska dancers at the highest level. We combine time-tested technique and modern opportunities to create an environment that is challenging, engaging, and fun for every student. Our staff works together to develop dancers in multiple styles, techniques, and genres of dance. Our ultimate goal is to create opportunities for artists to explore, refine, and master their passions. Our core values are integrity, passion, excellence, humility, and compassion and we believe that all people are “Made To Create”.

Dance Academy Classes

The Create 308 Dance Academy offers classes for students from Pre-K through 12th Grade. Classes are between 30 and 50 minutes in length and are taught by instructors that are qualified in the specific style and age range of the class. Class limits are determined by the staff and once a class is full, a wait list for that class is created. Create 308 Competitive team members and students taking the full “Academy” line up of classes (all styles) are given priority in filling classes. After those students are placed in classes, the remaining spots are filled on a first come - first served basis. By committing to a class or classes, you are committing to a full season of that class including recital fees and costume fees (if applicable).
